-

Bathroom, Shower-room & WC [Ensuite or Shared]

- The width of the doorway to the ensuite is 64cm
- The dimensions of the bathroom are is roughly 180 x 148 including the shower tray.
- However the bathroom is an odd shape and it is difficult to estimate the useable space.
- The space is sufficient for one person to dry and dress themselves comfortably
- It is not big enough for a wheel chair
- The height of the toilet is 45,5cm
- The step up to the shower is 26cm
- The height of the basin is 84cm
- The basin has a single lever operated mixer tap
- There are no support rails
- The flooring is solid oak
- On entering the shower room the shower cubicle is to the left, the wash basin to the right
- The WC is straight ahead between the shower and the wash basin
- The shower dimensions are 70 x 73cm
- The shower tray is acrylic
- The shower is accessed via a glass door which pivots slightly off centre.
- The shower door is opened by pulling on a handle
- There is an electric power shower with a single head
- It is operated by a dial and push button
- The WC is a low level flush.
- The flush is push button operated

-
-

Self-Catering Kitchen

- The kitchen is downstairs
- Its dimensions are 170cm x 350cm - it is rectangular in shape
- The useable floor space is 112cm x 255cm
- There is an open doorway onto the lounge
- Access from the lounge is up a flight of 3 steps with flag stone treads
- The doorway has a low beam with 175cm head height
- Instructions for all the appliances in the kitchen and elsewhere in the unit are contained in a visitors manual
- The water is thermostatically controlled throughout the unit
- There is a lever operated 1/4 turn mixer tap on the sink
- The laminate work surface is dark grey black (granite style)
- The height of the work surface /sink /cooker is 94cm
- Below the work surface there are a number of units including cupboard space, drawers and a fridge
- The cooker dishwasher is a single appliance
- There is a single oven just below work surface and ceramic hobs level with the work surface operated by dials.
- Below the oven at floor level there is a small dishwasher operated by push buttons
- There is a microwave oven operated with push buttons and a dial
- Cups and glasses are stored in a wall cupboard
- All other equipment is stored below the work surface in cupboards or drawers
- The floor is fully tiled. There is a non slip door mat at the entrance door (main entrance to the cottage)
- The main source of lighting is via 4 LED ceiling lights with 11 watt low energy bulbs.
- The kitchen is painted white and is nice and bright
- There is a Velux window over the sink
- There is a light in the cooker hood over the hobs
